Access points:

- Microfilm collection (documentary form)
- Textual records (documentary form)
- Assessment and Census Records (subject)
- Genealogical resource (subject)

Physical condition: The note from the Library and Archives Canada which accompanies this census indicates that only a microfilm copy of the 1901 census survived. This copy was made in the late 1930's. The microfilming is not of consistent quality and it may be difficult to decipher parts of this film.

Immediate source of acquisition: The microfilm were created by the Library and Archives Canada and purchased by the Trent University Archives.

Location of originals: Originals located at the Library and Archives Canada.

Restrictions on access: None.

Finding aids: Uploaded as a digital object: List of all family members and their ages compiled from the 1901 Decennial Census for Douro Township courtesy of Cheryl Jones.

Related material: For related records, see other census records in this collection. Associated material located at the Library and Archives Canada.
