of this scarce and important work written only months after Louis Riel's execution in November 1885. Scarce in the original wrappers. (Ref.: Peel (3) 1515). "This book was first published in New York in 1886. It is a rather subjective analysis of the troubles of 1870 and 1885 accompanied by a series of newspaper articles carefully chosen to support its bitter and malevolent point of view. According to this study, Louis Riel was the victim of a well-orchestrated plot by the Canadian Orangists supported by the Canadian government. His only crime was that he defended the fundamental rights of his countrymen." - Canada Annotated Bibliography - online (Mount Allison University). [2407]
