## 2003 Annual Conference update

By Bruce Emmerton, Chair, OCA 2003 Annual Conference

The conference steering committee is hard at work preparing for the upcoming Annual Conference for Directors and Senior Staff. Look for regular updates in the upcoming issues of *OCAsional News*, but in the meantime, here's a sneak peak:

- Dates: Thursday, February 27 - Saturday, March 1.
- A later start time on Thursday for easier arrival and registration in late morning.
- Location: We will be returning to the Sheraton Parkway Hotel in Richmond Hill (Hwys. 7 and 404). This location offers two hotels-in-one (Sheraton Towers and Best Western), free parking, a Tim Horton's on site, and easy access to TTC routes (for your senior staff, bus service is available from the Yonge subway route).
- Friday's education program will again be devoted to the OCA kindred groups, with great opportunities to share strategies and ideas with fellow camp professionals.
- Saturday's education program will appeal to the many "senior staff" involved in all our camps, whether they work with campers, supervise

staff, or direct camp programs.

- Visit and speak to the Commercial Members and see the latest in products and services in the Exhibit Hall.
- Saturday's closing banquet will bring together camping professionals from past, present, and future to celebrate the heritage of the OCA.

Are you thinking of a new camp stream? Do you need new ideas for an existing program? What strategies do you need to help with training and development of staff? The Education Program sub-committee invites you to submit proposals for speakers and sessions for the conference (see enclosed flyer). This is a conference for all of us – an association – so your input and ideas are extremely important.

Mark February 27th, 28th & March 1st in your calendar now for this important OCA event. The entire conference steering committee looks forward to seeing you in Richmond Hill! If you have any questions or would like to volunteer at the conference, please feel free to contact me at bemmerton@trentu.ca or 705-748-1670.

## The View from Here

Brian Blackstock,  
OCA President

Here's a question for you – one I was asked this summer. "If the entire human population of Earth were tidily arranged standing shoulder to shoulder, how much space would they take up?"

A quarter of a million campers seems like a lot, but when compared to the whole population of the planet, it isn't much. However, as we have seen over and over again, it does not take many (sometimes only one) to effect a difference for good or ill. This summer, at our OCA and other camps, that's what we did for the most part, effect a difference for good and because of those efforts our country and in some instances our world will be a better place in which to live. But, what's past is prologue, prologue for next summer, which is what many of us are already beginning to focus on. The Board and the OCA office staff have already determined some of our priorities for the coming year (like many teachers and camp people I always feel that the NEW YEAR begins in September). Here are several of them:

- to determine the specific revisions our Standards Review Task Force is to complete this year, so that our members may consider and comment.

**Deadline:**  
**October**  
**21st, 2002**

### Attention OCA Member Camps!

The deadline for receipt of your membership renewal and *Camping Guide* revision in the OCA office is October 21st, 2002. We will be going to press with the *Camping Guide* earlier than usual this year, so that we will have *Guides* available for camp fairs planned for November. If you have not sent in your renewal information, please do so as soon as possible.

See *The View from Here*, page 2

*The View from Here,*  
continued from page 1

- to have the *Camping Guide* ready so that those having Camp Fairs in November will have *Guides* available.
- to receive and determine action on Jill Dundas' Education Events Task Force report.
- to be prepared to help member camps interpret and implement the report from the O'Connor Commission regarding water purification in Ontario.
- to provide support and assistance to those running our important educational functions:
  - Bruce Emmerton - The Annual Conference
  - Michael Bakker - Spring Training Conference
  - The Skills Weekend - chair to be announced
  - Pearl Bell and the Healthcare Committee - The Camp Health Care Workshop
- to continue to make the public better aware of the value of having their children attend OCA camps.
- to make even more of our camps able to include chil-

dren with special needs.

- to support and assist Bruce Hodgins and the Archives Committee with their special research project this year, headed up by Peter Gilbert.
- to encourage non-member camps to consider joining the OCA because membership really does have its benefits.
- just to be there to help you, other OCA camps and the public as we are needed.

So . . . what is the answer to the question asked at the start of this column? Well, the whole population of the Earth would just fit into Lake Windermere in England's Lake District – about 27 square kilometres.

We in camping in Ontario might not take up much of that space but we can create some ripples – we can teach our campers some values – create environments where kids can catch a vision of what could be – simply pass on the basics of how we can get along with one another. And, as Robert F. Kennedy once said while visiting a university in Africa, “those tiny ripples of hope crossing each other from a million different centres of energy and daring can build a current which can sweep down the mightiest walls of oppression and resistance.”

So . . . good luck to you in your “New Year.” Just remember, we may not be able to control the way of the wind but we certainly are quite capable of adjusting the set of our sails.

## Annual Photo Contest

by Skip Connett,  
Canadian Adventure Camp

The Society of Camp Directors and Our Kids Publications are pleased to announce that the deadline for entries into our Annual Photo Contest has been extended to November 15, 2002!

The new date gives camps additional time to include the free entry form in their Fall mailings and for them to encourage campers and staff to mail in their entries! Remember the camp with the most entries will receive a Kodak Digital Camera – something to go nuts with in the summer of 2003 and then try to win another one again next year! (If you've ever wanted to send photos to your campers or staff after the summer but were in awe over the cost of large-volume prints, the digital camera images can be emailed to them at NO COST by you! Imagine what you can do for each cabin group!)

Please call Our Kids Publications at 905-272-1843 and tell them how many of the free mailer applications you would like. The mailers are business envelope size on single light card, they slip right in to your regular envelope and are shipped out to you completely free of cost.

Urge your campers to send in any shots they have that have some interest factor in them. The categories are Friendship, Action and Scenic. Tell them not to expect to be competing against professional photographers; prizes in this contest are awarded only to bona fide campers and staff. An eight-year-old (or even younger) has an equal chance to win against a seasoned veteran! Sometimes, through the eyes of a child . . .

There are 46 great prizes PLUS the fabulous Kodak Digital Camera for the camp with the most entries! Don't let this opportunity slip by!

# Call for Speakers

The Ontario Camping Association Conference Program Committee invites you to submit a proposal to be a presenter or recommend the name(s) of potential speakers and topics that would contribute positively to our educational sessions. We hope to create a program full of worthwhile and informative sessions in the following Educational Streams:

## **Working with Campers**

This stream will focus on workshops geared to those topics which impact our front-line staff (i.e. counsellors and specialists) and their effectiveness with campers. Topics may include: Specialty Programming, Team Building, Behaviour Management, Bullying, and much, much more!

## **Supervising Staff**

This stream will focus on workshops geared to those topics which impact the work of our supervisory staff. Topics may include: Staff Motivation, Staff Evaluation, Staff Training, Conflict Resolution, and much, much more!

## **Directors' Dialogue**

This stream will focus on workshops geared to those topics which impact our Camp Directors and Owners. Topics may include: Hiring Practices, Program Development and Evaluation, Camp Marketing, Legal Issues, Facility Considerations, and much much, more!

## **Getting Down to Business**

This stream will provide interested Commercial Members with an opportunity to showcase their exciting products as a featured exposition during the Exhibit Hall! The goal of these sessions is to allow conference delegates to interact and dialogue with business professionals who can impact our camp programs and talk about the latest developments in a showcase format. Topics may include: Food Services, Water Management, Adventure-Based Learning, Athletic Equipment, Waterfront Programs, Computer-Based Resources, Clothing Trends, and much much, more!

**Please see over for proposal form**

# Call for Speakers

Presentations can be made individually, by a panel or set-up as a workshop. Please provide your name and contact information with a proposed session title, description, and educational stream. This information will be given to the program committee and all applications will be considered. Although not all applications to speak can be accepted, all applicants will receive a call shortly to discuss further details.
